

Operator Financial Request Form

The Frontier Duty Free Association (“FDFA”) recognizes that from time to time, its members are in an unfortunate position that requires them to request financial consideration and assistance from the FDFA to assist them in attending the annual or semi-annual convention. The FDFA is an advocate in having as close to full attendance as possible at its general meetings. This request is typically not common and only intended for extenuating circumstances.

A member has the option to formally request from the FDFA financial assistance to contribute to its attendance. All requests shall be submitted to the sitting Board of Directors. The Board will review the request and has the right to accept or decline the request on its merits. If the Board feels that the assistance is acceptable and appropriate, the Board will provide details on the nature and extent of the financial consideration to be offered to the member.

The Board is obligated to disclose the nature and extent of the financial assistance to the general membership at the next general meeting.

Member: _____

Contact: _____

Financial Aid Requested: _____

Why are you requesting financial assistance from the FDFA – Please describe.

Does this request impact any national duty free issues or the industry as a whole? Please explain.

How long do you anticipate it will take to reimburse the FDFA for your financial assistance should this be approved by the board i.e. payment schedule?
